

# FINANCIAL WELLNESS PLATFORM

*Relieve Financial Stress for Employees*

During the COVID-19 pandemic, many employees are living paycheck to paycheck and not able to handle financial hardship resulting from this crisis. They might be experiencing loss of income in their households that is amplifying their financial worries. This financial stress can affect mental health and employee productivity. You can help your employees reduce financial stress with VistaNational's Financial Wellness Platform.

- ⊕ Personalized Financial Coaching
- ⊕ User Dashboard for Money Management
- ⊕ Easy-to-Understand Financial Articles, Videos and Webinars

## AN EASY-TO-USE ONLINE PLATFORM

Vista's Financial Wellness Platform has a variety of planning tools and resources that help employees make informed financial decisions with confidence:

- » Improve spending habits, set budgets, and tackle debt reduction
- » Keep track of their 401k, HSA/FSA, bank account, mortgage, brokerage account, and more
- » Set goals and track progress to keep moving towards financial security

### Financial Coaching on Demand

The Financial Wellness Platform's expert coaching provides unbiased guidance based on each employee's unique situation. It helps reduce stress by providing financial coaching on demand to support employees during difficult financial circumstances and helps increase employee satisfaction by providing greater peace of mind.

### Empowering Through Education

The Financial Wellness Platform provides personalized financial education by delivering relevant content for each employee based on their interests and situation. The platform includes a wide range of easy-to-understand educational materials including articles, videos and webinars to empower your employees for financial wellness.

### The Financial Wellness Platform Is One of Many Solutions in VistaNational's Covid-19 Toolkit

Contact us today to learn how you can provide powerful technology, expert support and high-service programs for your employees and HR staff during the COVID-19 crisis.
